Subject: Support of SB534 and HB 1978

To all concerned,

I am writing this letter to show my full support for SB534 and HB1978. At any given time there are nearly 3000 Michigan residents in need of a life saving organ. These individuals are waiting for the gift of life. I feel that by offering a license plate it will raise community awareness and support increasing the organ and tissue donor registry.

Thank you,
